

WEEKLY UPDATE

June 18th, 2020

Dear Residents and Families/Representatives,

Please accept this letter as Northampton Manor's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

We are happy to report that we have no current, active cases of COVID-19 in our facility. As of today, our totals remain unchanged, with 76 residents and 25 staff members having tested positive for COVID-19.

While we are very excited about this wonderful decrease in COVID-19 in our building, we want to take this opportunity to also reiterate that we are still required to follow CDC and health department guidelines and restrictions to safeguard our residents during this ongoing pandemic. This includes continuing visitation restriction as well as encouraging all residents to remain in their rooms for safety.

We continue to closely monitor and follow the recommendations of our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 301-662-8700.

Sincerely,

Mark Heim
